I may be celebrating **40 years**
in the Pikes Peak Real Estate arena, but
every transaction I handle

is still tailored to the individual budget
and needs of each and every client.

With a background in Investment Banking I am able to look at Real Estate
from a unique perspective.

No matter whether you are looking to buy, sell, relocate or find investment
property, my experience will make certain you find what you need.

With me, you get 40 years of “local” Real Estate sales and more than 1500
transactions closed to back me up.

I’m with you from start to finish and will negotiate the best possible outcome
whether you are buying or selling.

Your goal is mine.

I take that seriously.

I’m **Harry A. Salzman**

I’m your “local” Realtor
